

PREFERRED CLIENT INSURANCE SERVICES

Preferred Client Insurance Services (PCS) is a division of Poms & Associates Insurance Brokers, Inc. PCS specializes in the analysis and establishment of comprehensive asset protection programs for affluent individuals and families on a national and international basis.

Poms & Associates is a full service insurance brokerage offering property & casualty, employee benefits, risk control and risk management consulting services to public and private organizations. With approximately 100 employees in four states, Poms is well-equipped to serve a diverse client base.

Our superior capabilities are derived from leveraging Poms & Associates as a leading insurance broker and drawing on the expertise of our risk management specialists in fine art, yachts, private aircraft, and bloodstock. Typical client assets would include multiple homes, automobiles, fine art, jewelry, and collectibles.

Clients have chosen Poms & Associates Preferred Client Insurance Services because they understand the need to work with specialists who have the knowledge and resources to create a successful personal asset protection plan for the homes, autos, yachts, planes, bloodstock and other assets that they have acquired.

Our risk management process includes the following steps:

1. Determine asset base and liability exposure
2. Quantify the financial loss potential
3. Evaluate loss prevention measures
4. Review current insurance contracts
5. If appropriate, make changes to produce a properly structured program
